In compliance with ORC 3313.666, Ohio School Districts are required to semiannually post the number of reported bullying and harassment incidents that occur throughout their districts. Schnee Learning Centers Policy # 4104 on Harassment, Intimidation, and Bullying requires that a semiannual written report be provided to the Board's Governing Authority President and published on the district website. The report identifies the number of reported incidents and verified acts fitting the definition of harassment, intimidation, or bullying, based on the Ohio Department of Education and Workforce Anti-Harassment, Anti-Intimidation, or Anti-Bullying Model Policy.

Harassment, Intimidation, or Bullying means:

- Any intentional written, verbal, graphic, electronic or physical act that a student of group of students exhibits toward another particular student(s) and the behavior both causes mental or physical harm to the other student and if sufficiently severe, persistent or pervasive that it creates an intimidating, threatening or abusive educational environment for the other student/school personnel; or violence within a dating relationship.

During the period of January-June, 2026, the Schnee Learning Center documented zero reported incidents and verified acts– (0) violations of the school's Harassment, Intimidation, and Bullying Policy.
